Dear Sir

### **RE-REGISTRATION OF MEMBERSHIP**

We are pleased to advise that we have completed our current review of the references you provided in regard to your Annual Recertification as a Registered Master Builder.

We note the high regard in which your Banker, Accountant, and your major Building Trade Suppliers' hold you. This is particularly pleasing as it confirms that you are continuing to conduct your affairs in a professional manner, as a responsible businessman.

We also noted the very complimentary comments from your clients who we contacted for a reference on the quality of your workmanship, and professional manner in satisfying their needs.

All of your clients, who responded to our requests for a reference, were very happy with the high quality of your workmanship, and your cooperative and pleasant manner in dealing with them.

"Professionalism" is what the Registered Master Builders' Federation and the WELLINGTON Registered Master Builders' Association, expects of their Members' and you clearly meet this standard.

Your Re-Registration was approved on 29-Feb-00. Congratulations and thank you for your cooperation in attending to your recertification promptly.

Yours faithfully

**Bruce Richardson**  
**Acting Manager MBS/Membership Manager**
