To Whom It May Concern,

Re: - Peryer Construction

In 1998 the Central Region of NZ Red Cross developed their first Service Centre Building in Upper Hutt as part of a new direction for the organisation.

An existing building was purchased on the corner of King and Queen Streets, Upper Hutt, and plans drawn up for its refurbishment and these were sent for tender.

The successful tenderers were Peryer Construction who provided excellent service and were able to meet our needs and adapt to changes that were necessary, and provided recommendations when they were required.

Bill and his team were excellent to work with, and I would like to thank them for all their assistance.

Yours sincerely
