Mrs Jan Peryer
Administration & Property Manager
Peryer Construction Ltd
PO Box 47-117
Trentham
Upper Hutt 5018

Dear Jan

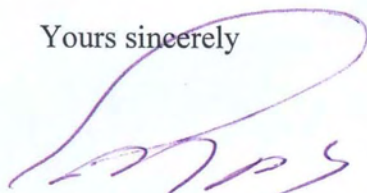

I am writing to acknowledge the excellent service that Gee & Hickton has received from your company during our recent major redevelopment of our premises and the subsequent settling in stage where naturally a few problems have occurred.

Terry Nunns, the site foreman, and his co-workers were always helpful and willing to listen to suggestions and would always attempt to accommodate our and our neighbour's needs. He managed the workers and sub-contractors efficiently in order to keep work on schedule and meet compliance deadlines.

On completion of the redevelopment, it has been necessary to have some of the contractors return to remedy minor defects that naturally occur with any new building development. There has been good communication on all levels and they have always been more than obliging and willing to put any necessary work right with minimal disruption to our day to day work.

I would be happy to recommend the services of Peryer Construction Ltd to any prospective client.

Yours sincerely

Gavin Murphy, JP, Dip FS
General Manager
