Dear Bill,

On behalf of the Levin Conference of the St Vincent de Paul Society I would like to offer our sincere thanks for your support of the St Vincent de Paul Society in Levin and your supply of a tabletop.

The Society is experiencing some of its largest number of calls for food parcels by the people of the Horowhenua who are in desperate need of assistance, especially in this time of Covid – 19. Recently, in one week alone we filled almost 50 food parcels, designed to feed a family for a week. This catered for some 150 people of all ages. This demand continues to grow and is only expected to get worse.

The donation of a tabletop enables the Society to have a place where we can put together balanced food parcels which give those who receive them the opportunity to eat healthy meals and also, hopefully, imbues in them an idea of what food to look for in the future.

Your empathy towards helping the poor and needy of the Horowhenua by your donation is appreciated as we try and give those in need a helping hand.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Bernard Hanaray', with a stylized flourish at the end.
